

FOR IMMEDIATE RELEASE

New Carlisle Works Facility Completed

HOUSTON, TX – Sept. 04, 2014

Tejas Tubular Products, Inc. was proud to welcome the New Carlisle Works (TTNCW) to the Tejas family of facilities, on August 8th. This recently built facility is the newest member of the Tejas family.

The commencement of construction on this facility was announced on Sept. 13, 2013. This facility will focus on the heat treatment and manufacturing of 4 ½- through 9 ¾-in OD well casing for the oil and gas industry. With an annual capacity expected to exceed 72,000 tons annually, the primary output of this facility will be heavier weight production casing with premium and semi-premium threaded connections.

In attendance at the ribbon cutting ceremony were Max Tejada Jr., Chief Operating Officer of Tejas Tubular Products Inc.; Yocasta Tejada; and Maximo Tejada Sr., President and CEO of Tejas Tubular. Other guests attending were various customers, local business dignitaries, numerous Tejas staff members and state, local, and federal elected officials. Tejas Tubular is proud to partner with other local businesses as well as state and local elected officials who have worked to make this facility a reality. Tejas thanks all of those involved for their hard work and dedication.
